

BuildForce Canada is a national organization committed to the development of a highly skilled construction workforce. BuildForce courses allow self-paced, online e-learning, accessible 24/7 on desktop, tablet, and mobile devices.

AVAILABLE COURSE LIST:

- **BF035 - Communication, Negotiation, Conflict Resolution** has been designed to help improve written, oral and negotiating skills within the construction industry.
- **BF025 - Construction Industry Ethics** course has been designed to help you understand ethics as it relates to the construction industry through practical examples of ethical decision making. The course contains interactive elements, case studies, practical examples, and videos.
- **BF031 - Construction Law** is designed to teach and familiarize owners, managers, supervisors and project managers with construction contracts and contract law; liabilities and responsibilities of all parties to a Contract, compiling and submitting proper extras and claims, and ways and means for leaders to avoid conflict with contracts, owners, trades, and labour.
- **BF029 - Construction Project Management** has been designed to help managers administer projects from start to finish.
- **BF027 - First Level Supervisor Training Program** Strong supervision skills are key to any construction project. This comprehensive online training program offers the critical skills and concepts needed to supervise a work team in the residential and non-residential construction sectors. The course uses scenarios, videos, quizzes and tests to reinforce the learning.
- **BF037 - Introduction to Construction Estimating** course will provide learners with skills and knowledge related to estimating practices and help them understand the importance of estimates as one of the key first steps in any construction job. The lesson modules cover a wide range of topics, with interactive activities based on real-life field situations to help reinforce the lessons.
- **BF041 - Introduction to Mentorship** This course will introduce you to the skills required to develop effective mentoring relationships with a focus on communication skills that you can apply immediately on the job with measurable results. Whether you are a mentor or mentee, the goal of this introductory course is to introduce the mentorship model and help you develop strategies to practice effective communication that maximizes learning opportunities and supports the development of positive mentoring relationships.
- **BF043 - Introduction to Understanding Systemic Racism** Creating an organization that is inclusive of Black, Indigenous and People of Colour is not a “feel good” exercise. An inclusion initiative is a win-win for everyone. When organizations are inclusive of Black, Indigenous and People of Colour, all workers feel more engaged and inspired to do their best. This can only help leaders and managers in their responsibilities to create a competitive organization. The goal of this course is to increase awareness about systemic racism, and provide information and strategies to help organizations create and/or revise policies and processes to support workplaces that are inclusive of Black, Indigenous and People of Colour.
- **BF033 - Working in a Respectful and Inclusive Workplace** looks at how a respectful and inclusive workplace can benefit everyone by eliminating discrimination and harassment, and how everyone can create respect through inclusive communication, teamwork, and mentorship. This course uses interactive elements, scenarios, videos, and quizzes to reinforce the learning. The Canadian construction and maintenance industry is committed to building respectful and inclusive workplaces. Our goal is to enhance your toolkit of career skills and equip you to be successful and participate in creating a respectful and inclusive workplace.
- **BF019 - Pipeline Construction Safety Training** course has been designed to help the pipeline worker know how to respond to worksite health and safety issues by taking the worker through the entire pipeline construction process from beginning to end.
